Keen Interest In Pass Being Shown In Calgary Concert

Over 200 costumed Ukrainian Canadian performers from Calgary, Lethbridge and Edmonton will present a grand concert in honor of Taras Shevchenko, poet-patriot of the Ukrainian people, on the stage of the Southern Alberta Jubilee Auditorium on Sunday, April 5th at 2:15 p.m.

Keen interest is being shown in the Pass for this concert.

Highlight of the concert will be the 125-voice choir which will perform classics based on the works and life of Shevchenko along with other folk and modern selections.

A women's choir and a male ensemble will add their distinctive touch with especially selected items ranging from the semi-classics to humorous selections. The folk dancers will add their own highlight with the always-pleasing, exciting and intricate Ukrainian folk dances.

The entire cast, augmented by soloists will also present excerpts from the opera "Cossacks From Beyond the Danube" which promises to be the treat of the afternoon.

Violinist Miss Marie Oleksy of Edmonton, winner of high honors in the 1958 Alberta Music Festival, will be the featured guest artist.

This grand concert, sponsored by the Association of United Ukrainian Canadians, will be one of many similar events staged throughout the world, wherever there are people of Ukrainian descent, honoring Shevchenko. No other single person in Ukrainian history is more loved and revered than this man, sometimes referred to as the "Burns of Ukraine". Born during the dark days of serfdom, Taras Shevchenko (1814 - 1861) rose from an orphan serv to the highest pinnacle as a leader and teacher of his people.

While he was gifted with many artistic talents, it is his poetry which stands out as a noble example of Ukrainian literature, and with more and more translations Shevchenko is taking his rightful place among the world's greats.

The sponsors wish to stress that one of the main reasons for this concert, as with others of similar nature, is while honoring Shevchenko, to acquaint the general public with his works. The entire program is being planned so as to make it completely enjoyable and understandable to all attending.

Cultural director of the Calgary A.U.C., H. A. Skulsky will be assisted by William Chomyn of Edmonton. Folk dance instructor Walter Roslewski will be assisted by Betty Nahorniak of Edmonton.

Everyone is welcome. Make it a date to attend this grand concert in the Jubilee Auditorium, Calgary, on Sunday afternoon, April 5th.

New Industry At Frank

A new industry will be started in the village of Frank in the immediate future as the Peerless Wood Preservers of Cayley, have taken a lease on land just south of the railway tracks to start up their industry.

The East Kootenay Power Company started work last Monday morning to put in a three phase line to supply power for the Company. The sub-station now west of the village of Frank will be moved to the east end of the village.

The new industry at present will mainly stockpile raw materials — which will comprise jackpine poles which after skinning will be sent to Cayley to be treated with preservatives. To start off the new business two pole peeling machines will be set up at Frank and all poles that are peeled are bundled and will be dry piled for two to three months for drying purposes.

Largest market for the preserved poles is supplying fence posts for farms. The company also make and treat telephone poles. After the poles are cut and dried and peeled at Frank they are shipped to Cayley for treatment and the company can treat some 7,000 poles per day.

The company hopes to be able to obtain and peel some 4,000 poles per day in this district. If this amount of poles can be obtained the company hopes to put on three shifts of five men per shift each day.

For every man at the peeling machines it requires five men cutting poles to supply the machines.

Seven men have already been engaged cutting poles on the Adams and three more are cutting at Sentinel. All cutting operations are being done by local contractors, and the company is depending solely on the local cutters to supply the poles. It is estimated that there is at least a 20-year supply of poles in the district and the cutting will only be a thinning operation and will not bare the hills of trees.

Possibility of a by-product plant from the industry is also being investigated as fireplace sawlogs could be very successfully made from the peeling that are shaved off of the jackpines.

The new industry is a great shot in the arm to the village of Frank who have no industry of their own. The industry is also greatly appreciated by all of the Pass as the new business will absorb a good many of the local unemployed either directly or indirectly through the contractors cutting the timber.

Sub-Local A.T.A. Hold Regular Meeting

The regular meeting of the Sub-Local of the Alberta Teachers' Association was held in Grade 12 room on March 6, 1959.

Following a brief business meeting Mrs. Bond asked Mr. Horace Allen, chairman of the Committee on Education, to preside over a continuation of the discussion regarding professional problems in our school.

Of most immediate concern was the report form currently in use. Since it has been subject to adverse criticism, the following chairmen were appointed to head committees which would investigate and make suggestions for revised forms:

Division 1—Mrs. J. B. Allen.

Division 2—Mrs. I. Coover and Mrs. Bouthillier.

Junior High School — Mrs. H. Muspratt.

Senior High School — Mr. S. J. Ondrus.

The following problems were discussed next: What are the circumstances that cause a deterioration of school work which ultimately leads to "drop-outs" in the Junior and Senior High School?

1.—Do some of the students reach their "learning capacity" before grade 12 because of—

(a)—IQ?—yes.

(b)—Over-rating in the lower grades?

(c)—The greater emphasis in the higher grades upon reasoning?

(Note: Most "H" students in grade 9 are "A" students in grade 12).

2.—Curriculum:

(a)—Is it flexible enough to fit the needs of all students; should they all be cast in the same mold?

(b) Do prospective nurses need advanced mathematics?

(c) Is the Chemistry 30 course of benefit to prospective secretaries?

(d) Is there poor "weighing" in the subject content in the various grades?

(e) Would Departmental Examinations in grades 10 and 11 provide the necessary motivation?

3.—Since high school is now accepted as the right of every child, has this privilege developed a careless attitude towards education?

as real as ever. The need for continued unity on the part of the NATO partners is fully as great as it was ten years ago.

NATO was formed in the first instance to halt the westward spread of Russian domination which had already swallowed up the satellite states of eastern Europe. In this task, it has been fully successful. Its deterrent power has held Russian military expansion in check in the vital area of western Europe, and has forced Communism to turn to other areas and other methods in pursuit of its world-wide aims.

This shift in tactics, and particularly the Soviet campaign of infiltration in Asia and the Middle East, has presented the west with new and serious problems. Yet if these problems are to be solved, it is vital that the deterrent in Europe should be maintained at an effective level. Any weakening of defensive strength in this area would not only open the way to new Soviet thrusts, it would make it still harder—perhaps even impossible—to stiffen the uncommitted nations of Asia and Africa in their resistance to Communist pressure.

NATO thus remains the cornerstone of the Free World. Its effectiveness rests on the continued unity and resolution of the western democracies, and not least of the three English-speaking democracies that form the North Atlantic Triangle. This is an enterprise in which Canada has played a significant part from the beginning. In her own national interests she must continue to make her fullest possible contribution during the years ahead.

Be Sure You Know Your Canvasser

Several Alberta communities have recently been canvassed by persons purportedly raising funds to aid the blind. Unfortunately, many citizens have contributed to this appeal thinking that they were donating to the Canadian National Institute for the Blind. CNIB conducts one campaign for funds annually in each community where there is no Community Chest or United Appeal. This campaign is always conducted by well known residents of the community in these areas.

The Canadian National Institute for the Blind is the only service agency having a general registry of sightless persons, and providing a program of services designed to assist them in overcoming all of the problems which confront them as a result of their blindness. Other agencies soliciting funds, allegedly for the welfare of the blind are, at best, only duplicating a service which is already available through the CNIB. All citizens in your community are strongly urged to carefully check the credentials of any persons approaching them for a donation in aid of the blind. Service records and financial statement should be requested and studied before any donation is made.

C. G. I. T. Notes

Fifteen members of the Blairmore COIT group were entertained at a skating party on March 7 by the Coleman Intermediate group. Hot dogs and cocoa were enjoyed in the United Church club room at the close of a happy evening.

The Coleman group had joined with the Blairmore girls for a Prayer Service at the Blairmore United Church in February.

C. Y. O. Notes

The agenda of our January 26th meeting consisted mainly in the discussion and planning of the C.Y.O. Membership Drive held on February 1st in the Catholic hall.

Following the meeting, Mr. Murray McCann of Calgary, the president of the Catholic Youth Federation, paid us a surprise visit. An interesting discourse on the C.Y.O. and C.Y.F. organization resulted.

The next gathering of the C.Y.O. members took place in the Social Evening of February 1st at which the Teen-agers' orchestra performed. Lunch was served by the C.Y.O. girls.

The business of the last meeting on February 22nd included the setting up of the play committee consisting of Miss Donna Gentile, Miss Linda DeCocco and Miss Nadia Alampi, and the appointment of Miss Jackie Krish, Miss Vanda Ozzi and Miss Annie Wesko as reporters to the Diocesan Bulletin.

An interesting discussion of some Church Laws followed.

In closing we would like to extend a welcome to new members.

C. W. L. Elect New Officers

The Catholic Women's League in Coleman held a meeting last week when a new slate of officers for the coming year were elected to office.

To head the ladies' group are—President, Mrs. Annie Binda; Secretary, Mrs. Irene Filafilo, and the Treasurer, Mrs. Irene Woods.

Letter From Macleod M.P.

House of Commons

Canada
 Ottawa, Ont.,
 March 18, 1959.

J. F. Dugdale, Esq.,
 Secretary-Treasurer,
 Bellevue Local 7294, District 18,
 United Mine Workers
 of America,
 P. O. Box 157,
 Bellevue, Alberta.

Dear Mr. Dugdale,

Last week Mr. Boyd, President of the United Mine Workers of America, was in my office and I understood him to say that the 100,000 ton coal order from Japan had been received and that about 40,000 tons would be going to the Crows Nest Pass.

In a letter received today from Mr. Boyd, he states that "it is regrettable that the 10,000 ton Japanese order has not yet been concluded." Mr. David Young informs me that the negotiations are still in progress and this letter is for the purpose of correcting my former statement.

Yours sincerely,
 Lawrence E. Kindt, M.P.,
 Macleod Constituency.

Y. W. C. Assn.
Worldwide In Scope

The Young Women's Christian Association, the largest, oldest Women's Christian Association, is a world-wide fellowship of women and girls from more than 65 countries of the world.

Within its membership are women and girls of every race, color, class and creed, and there is an opportunity for all members to grow in friendship, in learning new skills of hand and mind, and to find a way of life which will fit them for more abundant living.

In club groups, classes, sports and interest groups, there are members from nine to 90 years of age, where each may find something for her leisure hours. Relaxing and exercising on the gym floor, sharing music drama, books and discussion with the club group; learning new skills and hand and home crafts in interest groups; through dances, picnics, hikes and outdoor activities, finding new friends and interests—all this and much more comes thru membership of this association.

where members grow to accept responsibility for planning and carrying through their decisions made through democratic procedures.

As well as the week by week groups, special interest has been created in the "Leadership Development", "Preparation for Marriage" and "Homemaking" courses, planned last fall. For parents, whose daughters require to live away from home either to further their education or to find employment in this city, the YWCA has a residence which houses 38 girls.

Situated close to the city centre and to all transport, the residence, which formerly was two homes but now joined by a large recreation room, is a comfortable home for young women.

All facilities of meals, laundry, and rooms are provided at a reasonable weekly tariff. Enquiries and visits from parents and girls are always welcome.

Through its world service and fellowship programs, belonging to a world-wide family, takes on new meaning for Y members — they have a deepening concern for the peoples of all countries and through understanding and meeting with them, members can do much to bring about the Peace on Earth which is inherent in its Christian Purpose.

The address is 610, Eighth St. St. Lethbridge, and the telephone number, FAirfax 7-2284, where the Executive Director and Committee members will give any further information or service.
